HOW IT WORKS ✓

To take advantage of Public Storage Canada's Referral Program, you must be currently renting a storage unit in good standing at one of our participating Canadian locations. When you are ready to introduce someone to Public Storage, simply complete the "It Pays Being Friends" form and provide this form to the person you are referring, so that they can present it when they start their storage rental. Ensure that the form is fully completed, so everyone gets their credit!

The referral person named on the "It Pays Being Friends" form must present it at the time of rental. Note that it is only valid at the same location where you are renting. Once the referred customer has completed their rental, a \$50 credit will be applied to their account, and a \$50 credit will be applied to yours. This credit will be applied as a discount to the first full-month rental payment made at the standard, undiscounted rental rate.

In order to receive the credit, the renter must be a current tenant in the month to which the credit applies. The credit has no cash value and will not be credited in the event of early move-out. Credit money cannot be used for merchandise, fees or any other charges other than base rent.
